National Engineers Week is February 20-26, 2011. Once again the local chapters of OSPE, ASHE, ASCE, APWA, WTS, ITE, IEEE, SME and the Engineers Club are sponsoring the Engineers Week Luncheon. Last year's luncheon was a huge success with 250 people in attendance. Its success was due in large part to the support given by members of the engineering community such as yours.

This year's luncheon promises to be a great event. The keynote speaker will be Terry Foegler. Mr. Foegler is the Associate Vice President of Physical Planning and Real Estate at OSU, and will talk about new approaches to the planning and development of the Ohio State University.

Since the luncheon is put together by non-profit organizations, we need your support to make this year's event happen. We hope that you and your firm will share our enthusiasm and support this event with your sponsorship. Please indicate your support level on the attached form and return to the address indicated below by **February 16, 2011**.

Sincerely,

2011 Engineers Week Planning Committee
