S E P T E M B E R A S C E L U N C H E O N

Date /Time: Thursday September 16, 2010 - 11:30am Registration - 12:00pm Lunch
Location: The Ohio State University Golf Club, 3605 Tremont Rd, Columbus, OH
Topic: Lime for Soil Drying, Modification, and Stabilization.
Speakers: Tim Chylik - Carmeuse Lime and Stone, Peter Narsavage - ODOT Central Office Construction

Wet, unworkable, and uncompactable soils lead to unforeseen costly delays in the construction process. Utilizing Lime to speed up the construction process is a very viable and economical solution.

This presentation will go over the chemistry, immediate and long term benefits, and economical benefits of using Lime over traditional methods of dealing with problematic construction site soils. Tim will also talk about the ODOT specifications and some recent projects that ODOT has utilized Lime Stabilization on with much success.

Menu: Lunch will include your choice of two soups, salad, choice of two entrees, starches, vegetables and desert.

CPD Hours: A certificate for one (1) Continuing Professional Development (CPD) hour will be issued at the conclusion of the program.

Cost: HALF PRICE: \$10 ASCE Members & Guests - \$7 ASCE Life Members
\$5 Students . Thank you to Carmeuse Lime and Stone for sponsoring the luncheon, the cost is half of our usual rate.

Reservations: To make reservations contact Mike Mazzoli at mike.mazzoli@psiusa.com or (614) 876-8000. You may also register and pay online with a credit card by clicking [here](#). Registration is due by 5 PM on Monday, September 13, 2010. Please note: Registration is limited to 60 people for this event. Late registrations and walk-ins may not be accepted. Registration fees may still be required for no-shows and registrants canceling after September 13, 2010.

L E T T E R F R O M T H E P R E S I D E N T

Welcome back! I hope you and your family had a fun and safe summer. It's hard to believe, but with autumn drawing near, it is time to begin another new year of ASCE.

As I begin my year as President, I would like to say a special "thank you" to our Past-President, Gerard Lynskey for his leadership this past year and for his service on the Board the past five years. I would also like to thank my fellow Board members and all of the speakers who helped make last year's events successful!

I am happy to report that the 14th Annual ASCE Golf Outing was a huge success with a record turnout of golfers! Special thanks go to Jim Pajk, Bob Heady, A.J. Smith, Jon Sterenberg, and Stephanie Phillips for their hard work .

I am excited about the great lineup of luncheons and dinner meetings we have planned for this

year! These events will be held at a variety of new and different locations.

I invite you to join us on Thursday, September 16th for our first luncheon of the year, which will be held at the OSU Golf Club. The presentation topic will be *Lime for Soil Drying, Modification, and Stabilization*. Thanks to **Carmeuse Lime and Stone**, the cost for you to attend this luncheon will be half price! As is the case at most of our luncheons, attendees will earn 1 Continuing Professional Development (CPD) hour for attending. For more details about the September luncheon, please see page 1 of this newsletter.

Thank you,

Julie L. Pickering, PE, M.ASCE

Please join us for a complimentary tour of Prestress Services Industries, LLC's Grove City plant as they make the prestressed/post-tensioned concrete beams and precast/post-tensioned concrete arches for the new Rich Street Bridge in downtown Columbus, Ohio. The new Rich Street Bridge will replace the earthen-filled concrete arch Town Street Bridge, built in 1917, with a modern, concrete rib-arch bridge composed of five spans over the Scioto River. The bridge is designed to complement the adjacent bridges and will include 10-foot sidewalks, three traffic lanes, and plazas on each bank. Groundbreaking was held in March, 2010, and the new bridge is expected to be complete in the summer of 2011.

When: Tours will be offered September 9 and September 28, 2010 at 10:00 AM. Please RSVP by September 3, 2010 to Brooks Vogel at brooks.vogel@korda.com or by phone at 614-487-1650. Each tour will be limited to the first 20 people.

Where: Prestress Service Industries, LLC Grove City plant. 3350 Jackson Pike, Grove City, OH 43123.

Dress: Hard hats, safety glasses, and work shoes will be required. Dress as you would when visiting any active construction site.

PDH Credits: Certificates for 2 PDH credits will be distributed after the tour.

ASCE GOLF OUTING

With great weather, a course in great condition, plenty of great food and the largest turnout of golfers in its history, the 14th Annual ASCE Central Ohio Section Golf Outing was one of the most successful ever. A record turnout of 88 golfers along with a few motorcycle riders participated in this year's event held once again at Darby Creek Golf Course.

Closest to the pin

- J.R. Wolfe #8
- David Riley #10
- Greg Colvin #15

Longest Putt

- Steve Koch #9
- George Gillespie #13
- Tom Warner #18

As always, one of the main highlights is the lunch and dinner that is prepared by the Younger Member Group, who benefit from the outing proceeds. A big thanks to the following and their company for allowing them to take time off to volunteer for this event:

- Bob Heady - Strand Associates
- A.J. Smith - BBC&M
- Jon Sterenberg - Resource International Inc.
- Stephanie Phillips - Parsons Brinkerhoff

The defending champs from 2009, Joe Windau and Tom Roch, brought home the winning score at 3-under par. J.R. Wolfe and George Gillespie were the only other pairing to break par at -1. Prize hole winners included:

Closest to the pin

- Patrick Herl #7
- Tom Warner #11
- Shane Kalinowski #16
