

GUEST SPEAKERS

Craig Weise

Craig Weise, LEED State Architect

The State Architect since October of 2007, Craig Weise is responsible for centralized management of capital improvement projects for Ohio government. He has more than 20 years of experience in the design and construction industry. Craig holds architectural licenses in Ohio and Wisconsin and a National Council of Architectural Review Boards certificate.

Todd Mace, PE, LEED-AP Managing Principal, Dynamix Engineering

Todd Mace obtained a BS in Mechanical Engineering from West Virginia University in 1982. Dynamix Engineering specializes in the design of building engineering systems for Healthcare and Educational construction projects. Todd has over 25 years of experience as a Professional Engineer. He has been an active participant for the past 13 years in each of the alternative construction delivery methods outlined in the Ohio Construction reform bill.

Todd Mace

Sen. Tom Patton

Senator Tom Patton 24th District

Tom Patton is chair of the Senate Highways and Transportation Committee, which is responsible for the multi-billion state Transportation Budget. Job-creation and economic revitalization are Senator Patton's highest priorities as a member of the Finance and Financial Institutions Committee, the Energy and Public

Utilities Committee and the Ways and Means and Economic Development Committee.

Gene Krebs, Co-Director, Greater Ohio

Gene Krebs spent his professional career in the public sector. He served three years on the Eaton City School Board, eight years in the Ohio House of Representatives, and four years as Preble County Commissioner. Krebs currently serves on the board of the Ohio Consumers' Counsel and the Ohio Math and Science Coalition. Most recently, he was appointed by Gov. Ted Strickland to serve on Ohio's 21st Century Transportation Task Force.

What past attendees have said.

*Well organized! No wasted time.
Very positive experience.
Good speakers--I was impressed!
Handouts and packet are well done.
This is an excellent format--continue it!*

OSPE & ASCE Member Tuition is Discounted!

Thank you to our cosponsor:

American Society of Civil Engineers - Ohio Council

Continuing Professional Development Credits

OSPE's professional development programs meet the continuing professional development criteria in the current Ohio Revised Code. In addition, most states consider the contact hours of Engineers Legislative Day acceptable for professional development credits. If audited, OSPE will keep your signature proving your attendance on file for a limited number of years if you sign the attendance form at registration. We also recommend you keep the materials that are distributed, especially your certificate of completion.

Brian T. Pallasch, CAE

ASCE - Ohio Council

Managing Director of Government Relations & Infrastructure Initiatives, Washington, DC.

Brian T. Pallasch, CAE, has been responsible for managing the ASCE's government relations department including federal and state legislative affairs, regulatory affairs, grassroots, and policy development, since 1999. Pallasch is currently responsible for managing ASCE's strategic initiatives regarding infrastructure including development of the Report for America's Infrastructure. Additionally, Pallasch serves at the Co-Chair of the Water Resources Coalition.

Brian Pallasch

Pallasch holds a MA degree in International Affairs from the American University, and a BA in Journalism and International Affairs from the University of Southern California.
